INTERNATIONAL SUMMER ART SCHOOL
UNIVERSITY OF ART IN BELGRADE
Belgrade, 5 – 13 July 2003

Applications should be sent until **May 20th 2003.**

International Summer Art School of the University of Arts in Belgrade this year will be held in Belgrade, after two picturesque cities of Novi Pazar (2001) and Subotica (2002). The theme and “action space” for this year’s School is RIVER VIEW, area of Kosancicev venac street and the Sava river slope. This part of Belgrade is unique in its position on the hill by the river and still keeps the atmosphere of old Belgrade.

The School is designed as a set of workshops that have open structure, which means that they can overlap and interchange. Interdisciplinary approach should be the main platform for all students’ actions. Open Program is dedicated to all participants and should be another melting point for all different art disciplines, all students, local and guest artists and the public.

Art Director of the Summer Art School: Prof. Zoran Eric
The University of Arts invited students from the following schools:
Ecole Nationale Supérieur des Arts Décoratifs, Paris,
Ecole Nationale Supérieur des Beaux-Arts, Paris
Conservatoire de Paris

Art Academies from: Banja Luka, Bucharest, Cetinje, Ljubljana, Novi Sad, Sofia, Sarajevo, Tirana, Thessaloniki, Zagreb.
