Pula, 10th January, 2001

Taking your respectable name and interest in the research of qualitative education and creativity into consideration, we invite you to take active part at the International Scientific Meeting

DANI MATE DEMARINA
THE SECOND MEETING
THE QUALITY OF EDUCATION AND CREATION

that will be held 14-16th June, 2001. At the meeting, children's caretakers, teachers, researchers and other professionals from Croatia and abroad will be presenting their theoretical and professional papers in the field of pre-school, primary and secondary school teaching as well as higher schooling which is aimed at promoting qualitative education and creativity.

Theoretical and practical research in accordance with the stated topic is accepted. The submitted papers are supposed to follow these instructions: papers up to 10 and talks up to 7 typed double-spaced pages, including the title and the abstract both in Croatian and English, and the bibliography, as well. The papers are to be submitted in one copy, stating five key words and accompanied by the diskette (MS Word format, *.doc). The papers should also be edited with the full name of the Croatian language editor. The papers will be reviewed, scientifically categorized and, if accepted, published in the proceedings provided the participation fee is paid and the paper is presented at the Meeting. The application forms may be sent as soon as possible, and the DEADLINE is 15th February, 2001. The address is:

Visoka učiteljska škola u Puli
I. M. Ronjgova 1
52100 Pula

Please, contact us if you require any detailed information. Tel. 00-385-52-211-510. The individual participation fee is 400,00 kn, also including the publishing cost of proceedings, and it is to be paid in a special transfer account. The complete information will be given to the participants after the deadline.

Your participation will contribute to the exchange of experience among differently-oriented scientists from Croatia and other countries, as well. We are looking forward to receiving your written proposals in order to enlist them in the programme of this scientific meeting.

The Organisation Committee is free to make its final choice of papers to be presented and published.

Yours sincerely,
Organisation Committee,
President:

Ph. D. Nevenka Tatković
